

## **KINATEDER MASONRY MAKES DEBUT IN KANSAS CITY**

**Kansas City, Mo.** (January 27, 2009) – Kinateder Masonry of Waukesha, WI recently expanded their business by opening a new office in Kansas City, MO.

Kinateder Masonry has built a solid reputation in the metro Milwaukee area with impressive, detailed work on projects such as the new Harley-Davidson Museum, Miller Park and numerous school and hospital facilities.

Kinateder Masonry's first Kansas City project is the Blue Valley High School in Overland Park, KS. Construction began in July of this year and is scheduled to be completed next summer, in time for the 2009-10 school year. In addition to Blue Valley, Kinateder Masonry has been contracted to work on the West Oak Street dormitory construction for the University of Missouri-Kansas City.

Kinateder Masonry founder, Fred Kinateder, Sr. looks forward to the expansion in the Kansas City area. "Through a project in Kansas City, we saw an opportunity for our company to service the city's growing market. We hired Mitch DiCarlo whose family was in the Kansas City construction industry for 65 years. Between Kinateder Masonry's expertise and Mitch DiCarlo's knowledge of the Kansas City construction market, we see this as a great opportunity."

### **About Kinateder Masonry**

Kinateder Masonry has served Southeastern WI since 1990, and for more than 16-years has been ranked in Engineering News Record (ENR) magazine's annual listing of the Top 25 Mason Contractors in the country. A union masonry sub-contractor, Kinateder specializes in brick, block, stone and cast stone materials to complete projects with unique requirements such as site restrictions, exceptional detail, or compressed schedules. Kinateder projects include public buildings, corporate headquarters, churches, schools, commercial buildings, performing arts centers and major projects such as Harley-Davidson Museum and Miller Park.
